

# Lohith Kandikattu

## Career Objective

To secure a position in a progressive company where I can apply my knowledge, creativity, and skills while contributing to the organization's growth.

## Education

**B. Tech, Geethanjali Institute of Science and Technology, Nellore**

**Electrical and Electronics Engineering (7.79 CGPA)**

June 2018 - July 2022

**Intermediate, Narayana Junior College, Nellore(98%)**

June 2016 – April 2018

**SSC, Sri Chaitanya School, Nellore(9.3 CGPA)**

June 2015 – May 2016

## Project Details

### Task Management System

- Developed a web application to manage tasks with features like adding, editing, deleting, and marking tasks as completed.
- Utilized **ReactJS** for the front-end and implemented **React-Bootstrap** and **Bootstrap** for a responsive, visually appealing UI.
- Integrated **JSON Server** to handle mock API calls and task data management.
- Implemented responsive design to ensure compatibility across devices.

### E-commerce Website

- Built a dynamic e-commerce platform with features like product listing, cart management, and checkout process.
- Utilized **ReactJS** for the front-end and styled the application with **React-Bootstrap**, **Bootstrap Icons**, and **Bootstrap** creating a visually appealing and responsive design.
- Enhanced user experience by using reusable React components and managing state with Hookstate.
- Integrated **JSON Server** to handle mock API calls and product data management.
- Enhanced navigation and routing between pages using **React Router DOM**.
